Junior Cycle

Junior Certificate Programme / Junior Certificate Schools Programme.

The school offers both the traditional Junior Certificate Programme (*curriculum outlined above*) and, subject to demand and resources, the Junior Certificate Schools Programme.

This Junior Certificate Schools Programme is an intervention within the Junior Certificate. It provides a curricular framework, which will assist the school and individual teachers in adopting a student-centred approach to the Junior Certificate. It provides an opportunity for each student to obtain a Junior Certificate recording his/her level of attainment.

Senior Cycle

Leaving Certificate

At Senior Cycle level students may follow the Traditional Leaving Certificate Established (*curriculum outlined above*) or the Leaving Certificate Applied (LCA) programme.

Leaving Certificate Applied

The school may offer an alternative programme, subject to demand and resources, to the traditional Leaving Certificate called the Leaving Certificate Applied Programme. Some students will find this programme a very suitable route to pursue at senior cycle, and the school will consider applications from students and their parents on completion of Junior Cycle. This is a two-year programme incorporating a work experience module.

Leaving Certificate Vocational Programme (LCVP)

LCVP is a Senior Cycle Programme of the Department of Education and Skills, designed to give a strong vocational dimension to the Leaving Certificate Established. The programme combines the virtues of academic study with a new and dynamic focus on self-directed learning, enterprise, work and the community.

LCVP Structure

- At least five Leaving Certificate subjects, two of which must be selected from one of the designated Vocational Subject Groupings
- Irish (unless the student has an exemption)
- A recognised course in a Modern European Language other than Irish or English
- Two Link Modules: Preparation for the World of Work and Enterprise Education

Transition Year

The Transition Year is a one-year programme which comes immediately after completion of Junior Cycle.

The aim of the programme is:-

- to provide a good academic basis for beginning the senior-cycle course
- to develop aspects of the curriculum which tend not to be catered for elsewhere in the school curriculum
- to develop teamwork through task oriented-projects
- to develop links between the school and the wider community
- to encourage students to become self-motivated learners
- to provide an opportunity for students to develop an understanding of how learning occurs generally, and with particular reference to their own learning styles
- to introduce students to a wide range of cultural and sporting activities
- to prepare students to become responsible members of society

PLC and QQI Programmes

Subject to demand and resources, the school may offer QQI accredited and/or PLC programmes. Details on the various courses offered may be obtained from the College.
